Finger Number Lab

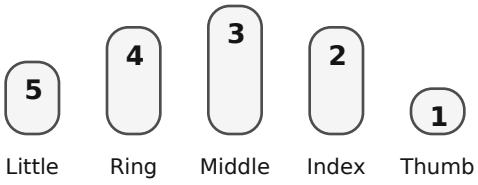

Match the same numbers on both hands

Name: _____ Date: _____

Use the hand maps. RH means right hand; LH means left hand.

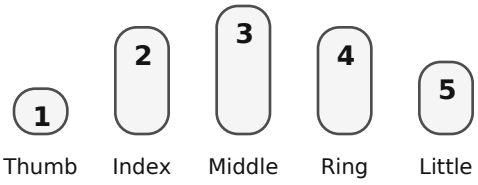

On BOTH hands: thumb = 1, index = 2, middle = 3, ring = 4, little finger = 5.
The maps show your hands flat, with the backs of your hands facing up.
A finger number names a finger, not a piano key or note.

LEFT HAND

Finger map (schematic)

RIGHT HAND

Finger map (schematic)

1. RH: Which number means thumb?

1

2. LH: Which number means little finger?

5

3. RH: Which finger is number 4?

Ring finger

4. LH: Which finger is number 2?

Index finger

5. Write the numbers: RH thumb, middle, little.

1 - 3 - 5

6. Write the fingers: LH 5 - 3 - 1.

Little - middle - thumb

7. Both thumbs have the same number. What is it?

1

8. A student calls the LH thumb "5." Write the correct number.

1

Optional off-paper practice: Tap each pattern slowly on a tabletop without tension.
